

SECTION 137 GRANT

The Friends of St Paul's C/E Infant School Tongham were very grateful to receive two recent grants from the Parish Council.

During the last academic year we finished off fund raising for the third section of the play equipment in the back playground, the Jungle Gym.

This was very much in place and enjoyed by all those children who left in the summer 2021.

Additionally the recent grant has gone towards the schools new phonics scheme which fits with curriculum changes and has been very successful. The Friends has just purchased a set of books for one year group and hope to get more very soon!

We are extremely grateful for the grants we have received. They have actively enriched the children's education.
