

SECTION 137 GRANT

Last year was a difficult year for the Tongham Community Association, as we only fully reopened in August 2021, due to the Covid 19 pandemic. Whilst we were closed the support from Guildford Borough Council and the Tongham Parish Council enable us to continue to employ the Centre Manager and pay the day to day running costs on the Community Centre and recreation ground.

It took sometime for our regular hirers to get back to normal, and a few have dropped by the wayside and not returned. The Section 137 Grants from Tongham Parish Council, were mainly used to cover Covid protection, but we are hopeful that this year we can apply for Equipment such as tables and chairs, which are in need of replacement.
