

Tongham Football Club

We are extremely grateful to Tongham Parish Council for the Section 137 Grant that they offer.

We have been lucky beneficiaries of the Grant this year and we could not have been able to afford new

equipment for our season without them. We have been able to replace our tired line marking machine with the Grant Money, amongst supporting us in other areas of equipment as it is

vital we have this to continue growing as a club! We are a small community club but are growing and, on the rise, and we could not do that without the support of the TCA Grant. We hope to make you as proud as we are to play here for Tongham!
